KITCHEN WILL  
BE MOVED INTO  
NEW LOCATION

Loyalty League Votes  
To Continue It And  
Sets Picnic Date

The second annual picnic to be sponsored by the Dixon Loyalty League will be held at Lowell Park Thursday, August 24, it was voted at a meeting held last evening at the city hall. The date is one week earlier than that of last year and was the unanimous selection of the merchants. President Charles E. Miller appointed the committee who will have the general supervision of the picnic, which consists of the following members: Victor Eichler, Harry Beard, George Netz, John Fosselman and Chester Barriage. It was voted to close all of the places of business in the city at 11 o'clock in the morning on the day of the picnic and to remain closed for the rest of the day.

President Miller named the Finance Committee of the Loyalty League, whose duty it will be to collect the dues from the membership, as follows: Edward Newman, Howard Hall, L. E. Elyne, E. H. Prince, William Slothower, Chester Barriage, Earl Auman Elmer, James Harry Beard, John Cahill, George Netz, John Fosselman, Victor Eichler and Harold Coss.

**To Continue Kitchen**

The fate of the community kitchen was the subject of lengthy debate when it was suggested that the feeding of transients be discontinued at least until September 1 and that the providing of food for these men be left to the city officials. President Miller stated that there had been "a silent and jealous opposition" to the kitchen movement for some time and that no financial aid may be expected from the city council. A report of the unsuccessful attempt to secure financial aid from the council at the regular weekly meeting Monday evening was given. President Miller, in discussing the lack of finances to operate the kitchen stated that the recent two per cent sales tax law which had been "forced down the throats of the merchants and public of Illinois," had served to lessen the contributions materially.

The suggestion that the kitchen be closed to all transients until September 1 or later was generally discussed. The kitchen is to be moved from its present location in the John Hoffman building almost directly across the alley into the residence property owned by Dr. M. L. White, it was voted, and will be in its new location within one week. It was reported that there remains in the treasury of the kitchen committee only \$100 with which to continue operation but the vote of the meeting was that the program be continued as in the past and various methods of raising funds were discussed and will be acted upon at the next meeting. The kitchen is to be closed for a few days to permit the moving of the equipment to a new location. Breakfast will be served Sunday morning in the present location, after which the equipment will be moved to the new location, no meals being served during the moving period. Breakfast will be served Wednesday morning of next week in the new location, when the regular schedule of operation will be resumed.

CITY OFFICIAL  
OF MILWAUKEE  
DIED A SUICIDE

Comptroller, Under Indictment, Shoots  
Deputy First

Milwaukee, July 12.—(AP)—City Comptroller Louis M. Koticki, 53, died early today from the bullet he fired into his right temple after shooting and critically wounding his Chief Deputy, William H. Wendt, 49. Koticki was under indictment on charges of malfeasance and faced recall.

The death occurred in the hospital to which he and Wendt were taken following the double shooting yesterday afternoon in the Comptroller's office. Meaningful, Wendt was still given a fighting chance for recovery following blood transfusions.

County authorities looked upon the following as motives for the shooting:

**Possible Motives**

That Koticki, indicted four months ago for malfeasance as a result of alleged laxity in checking bond transactions through which it is charged the city was defrauded of half a million dollars, believed Wendt misrepresented him in testimony before the grand jury; that Koticki was driven to distraction by the indictment and personal financial difficulties; that Koticki feared recall or elimination of his position through a referendum ordered by the city council.

Yesterday afternoon, Koticki, who has been ill for several months and infrequently at his desk, went to his office and called Wendt to conference. They talked for half an hour. Wendt returned to his own office, which adjoins that of the Comptroller.

**Didn't Hear Shot**

The sound of two shots was heard.

Wendt staggered from his office crying:

"What happened, what happened?"

Koticki was found lying in another doorway, a pistol near his hand.

"I was seated at my desk when the Comptroller entered," Wendt said. "I noticed he had an annoyed look on his face. Then my telephone summoned me and I as turned my teeth suddenly began to hurt and I felt paralyzed. I could not hear the shot (Wendt is deaf) and I did not know I was shot until I saw Mr. Koticki lying in the doorway."

Oklahoma's Governor Decided To  
Heed Expressed Will Of Voters  
And Give Citizens Their Beer

Oklahoma City, July 12.—(AP)—Governor William Murray decided today to let Oklahoma have its beer.

After 80 of the Governor's National Guardsmen had prevented overnight unloading of the brew legalized in a special election yesterday "Alfalfa Bill" today issued a proclamation announcing sales would not be interfered with.

The proclamation was the signal for fleets of beer trucks to rumble into action, transporting cases of the brew from railroad cars to wholesale and retail dealers.

Applicants for beer licenses swarmed the offices of the tax commission.

Reported Ransom Will  
Be Paid And Young  
O'Connell Freed

Albany, N. Y., July 12.—(AP)—Reports were flying today that young John J. O'Connell, Jr., nephew of the upstate Democratic dictators, would be freed by his kidnappers today after a ransom was paid.

The Albany Evening News heard the abductors had agreed to accept \$30,000, a small share of the \$250,000 demanded. The paper also said the 24-year-old son of the eldest of the three O'Connells would be released in the historic Catskill mountains, south of the city.

Dan O'Connell, one of the uncles, and the father of the hostage, were away from Dan's Heideberg mountain retreat all of the morning. A friend at the camp said they were "out for a ride." All at this remote spot, about 20 miles from Albany, were confident the boy would be released today.

There were also persistent rumors that the kidnapped youth would be given his freedom in New York City. An individual high in the O'Connell family council, however, discounted this report and New York City police had no information to corroborate it.

**Refuse Comment**

The O'Connell brothers returned to Dan's summer home shortly after noon. As throughout the kidnapping they would not comment upon the case.

Persistent rumors were that a ransom payment "approaching six figures" had been in readiness since yesterday.

Samuel E. Aronowitz, law partner of Ed O'Connell, said he had had "a good night's sleep."

The mother of the youth, who was reported to ill even to communicate with police yesterday, was said to be somewhat improved.

**Contact Reported**

The Knickerbocker Press said today that contact had been established with the kidnappers and that ransom negotiations were in progress. According to the newspaper, Dave Hotaling, number 1 man on the second list of intermediaries, established the contact.

Until today the only communications with the abductors made public were two telephone calls and three letters. The O'Connells had answered the requests for go-betweens by inserting advertisements in local newspapers as instructed by the kidnappers.

Young O'Connell was forced into a car by several men about 1:30 A. M. last Friday as he got out of his car at his home. The family did not know he had been kidnapped until the next day when a telephone call was received at the office of Ed, Albany county and city Democratic leader.

**Convulsions After  
Swim Fatal To Boy**

Springfield, Ill., July 12.—(AP)—An inquest was ordered today into the death of James Loren Keyes, 15, who died in convulsions after fainting as he emerged from a swimming pool.

A few minutes prior to his death last night the boy had apparently been in good health as he scuffled with two companions in the water. A life guard attempted to administer first aid and when that failed and the spasms developed Keyes was rushed to a hospital where he died without regaining consciousness.

Balbo's Armada Made the  
Longest Hop Of Its  
Trip To Chicago

Shediac, N. B., July 12.—(AP)—The Italian air squadron led by General Italo Balbo arrived this afternoon at Cartwright, Labrador, ending its flight from Iceland, according to a wireless report received here.

The information of completion of the flight from Reykjavik to the Labrador port, a distance of 1,500 miles, was the longest stage in the entire trip from Italy to Chicago, was received at the Italian air base here.

The fleet of 24 seaplanes descended at Cartwright at 1:30 P. M. Atlantic Standard Time (11:30 A. M. C.S.T.).

According to the time given in the wireless message the 1,500 miles were covered in ten and a half hours.

**WAS LONGEST LEG**

Reykjavik, Iceland, July 12.—(AP)—General Italo Balbo's armada of 24 Italian seaplanes left today on a 1,500-mile hop to Cartwright, Labrador, the longest leg of their cruise to Chicago.

The aviators, glad to continue their 6,900 mile journey even though their week's stay here was brightened by many entertainments, departed at 6 A. M. (1 A. M. C.S.T.).

Townpeople were astir at an early hour and a large throng was thrilled as one after another the flying boats rose from the calm waters of Vatnagarðar Bay and started out over the North Atlantic.

They arrived here from London.

HORNER, LIKELY  
TO VETO LANTZ  
RELIEF BILLS?

Measures Would Permit  
Chicago To  
Care For Own

Springfield, Ill., July 12.—(AP)—Reports became current today that there is considerable doubt as to whether Gov. Horner would permit the enactment of the three Lantz bills giving Cook county and its municipalities authority to pay unemployment relief costs by local property taxes.

The Governor has until midnight tomorrow to sign or veto the rest of the bills, approximately fifty, which are still on his desk. If they are neither signed nor vetoed, bills passed by the recent legislative Assembly automatically become laws on Friday.

Unofficial reports are that questions have arisen about the constitutionality of the Lantz bills, which were passed at the insistence of downstate legislators so that Chicago and Cook county could solve their own poor relief problems.

**Had Approved Them**

The bills were bitterly opposed by Cook county legislators and Democratic leaders. Earlier, before passage of the sales tax, Governor Horner gave them his approval.

Introduced by Senator Simon E. Lantz, Congerville Republican, the three bills would authorize Cook county and its municipalities to levy additional property taxes to finance poor relief. Similar power would be given to the fifteen downstate counties under the commission form of government.

The downstate attitude on the bills was that they would permit the metropolitan area to solve its own problems, making unnecessary in the future the calls for help which led to the series of special sessions of the General Assembly last year.

**Report Factor Kidnapers And  
Family Are Negotiating For  
Release For \$200,000 Ransom**

Chicago, July 12.—(AP)—Claims that relatives of John Factor had begun negotiations with his kidnappers with \$200,000 set as the price for his release, were made today by friends of the international speculator, abducted 11 days ago while returning home with friends from a road house.

The friend maintained that Factor's family was convinced the negotiations were genuine when a ring worn by the man was sent to them with instructions written by him regarding the handling of his brokerage accounts.

Besides the "board of strategy" maintained by close associates of Factor in a loop hotel, a local detective agency is working on the case and is reported to have received the ring and the notes demanding the \$200,000 ransom.

Police said they believed Factor was being held in the chain-of-lakes region near Antioch, Ill.

At the same time steps were taken to guard Factor's second son, seven-year-old Alvin, from abductors when a police escort was requested to accompany the youth to his mother's large home, after his arrival in the city from the summer home of a friend at Crystal Lake, in McHenry county

DIXON SOLDIERS  
TO ENJOY DAY AT  
CHICAGO'S EXPO.

May Come After Annual  
Encampment: Go To  
Rifle Range

Captain Sherwood Dixon will take Company A of the 129th Infantry to Camp Grant Sunday where practice will be started on the rifle range for the season.

Each member of the company will be required to qualify in the course, consisting of several ranges. Last year the local company attained a standing of the highest company in the state in marksmanship for which they received a special award.

Several trips are to be made to the Camp Grant range by all of the members of the company have qualified.

The special order for the Chicago trip for the 33rd division of which the Dixon company is a member, has been changed it was learned here today. No definite plan has been adopted for taking the soldiers to the Century of Progress, Captain Dixon stated. It has been definitely decided, however, that the members of the Dixon company will enjoy a day at the fair, where they will be paraded in review and will spend the night in all probability in one of the Chicago armories. A change has been made from the first order which called for leaving Camp Grant on Thursday morning, August 10 at 10 o'clock. It is now reported that the division will break camp Friday morning, August 11, to parade in Chicago on the same day, but to definite order has been received by Captain Dixon.

**Accepted News**

Colonel Hennaway at Sycamore is quoted as stating that the division will either be quartered in the Stadium at Soldier Field or at the Navy Pier. The most acceptable news to the members of the Dixon company, however, is that they are to have a day at the Fair in return for their parade, returning to this city from Chicago.

Thus far it is understood that the uniform for the parade will be metal helmets, a light combat pack, shirts without coats and either woolen or cotton breeches. The local company will be recruited to full strength as in the past for the annual camping trip next month. Captain Dixon announced today. The company roster suffered the loss of about a dozen members who enlisted in the reforestation group and some removals from the city have occurred, but these vacancies have been quickly filled from the list of reserve applications.

**10 PCT. WAGE BOOST**

Pontiac, Ill., July 12.—(AP)—A ten per cent wage increase, affecting employees and effective July 29 was announced today by J. E. Legg, president of the Pontiac Shoe Manufacturing Company. The company is now producing 3,000 pairs of women's and children's shoes daily.

A force of unemployed men, whose families are receiving aid from the welfare committee, was gathered at the Douglas Community center building on Depot avenue this morning and started work cleaning up the first floor and basement. The building has been donated to the township garden club by John G. Ralston and within a few days will be the scene of much activity. All of the farm produce from the Dixon township southwest of the city will be brought to this central location, where it will be prepared and canned. The canned vegetables will be stored to be dispensed from a cannery during the winter months to needy families.

The produce from the farm is to be used entirely by the Dixon township welfare relief committee and a generous supply will be donated to the community kitchen.

MUTILATION OF  
VICTIM OBJECT  
OF KIDNAPERS

St. Paul Authorities  
Confronted With  
Unusual Crime

St. Paul, July 12.—(AP)—Police Chief T. E. Dahill said today that men who kidnaped Dr. E. G. Engberg and Dr. W. H. Hedberg last night desired to mutilate the latter.

Dr. Engberg, secretary of the State Board of Medical Examiners, was selected to perform a surgical operation on Dr. Hedberg, but refused, the chief said in a statement.

Then, he asserted, Dr. Engberg was dragged and placed in the Hedberg automobile, which was parked on a railroad right of way where a passing train could hit it.

Dr. Hedberg, with a bullet wound in his ear and bearing other marks of a struggle, was found in a ditch near here early today. A half mile away Dr. Engberg was found in the Hedberg car, which had been struck by a train. Both will recover.

Dr. Engberg was bleeding at the mouth when a train crew found him, but bore no other signs of injury. He recovered consciousness today and told of having been attacked and drugged, probably with ether after being lured from his home by a false call.

Dr. Hedberg told a similar story of having been lured from his home by a false call and seized by three men.

**Hope For Communication**

Luer's sons expressed the hope that the first communication from the kidnappers would be a note bearing their father's signature and a few lines of his handwriting.

"Only by such a note would we be convinced that father is still alive," Herman Luer said. "Jewelry—a ring or scarf pin—won't be satisfactory proofs that the kidnappers have him. You can take them from a dead man."

A misinterpretation of an intercepted telephone conversation by a policeman early today, sent Carl Luer to St. Louis with Alton detectives on a report that a letter, presumably from the kidnappers, was being held for the Luer family at the St. Louis main post office. No letter was found in St. Louis.

It developed that an employee of the Alton post office made the call and that the letter was from an old friend who expressed the hope the elder Luer would be found soon.

**Three 'Phone Calls**

It was learned today that three telephone calls came to the Luer home yesterday from men who hung up without delivering any message when the operator had them wait while the police phone was cut into the Luer house line.

Fewer were of the opinion the callers may have been emissaries of the kidnappers seeking to open negotiations.

A score or more reports indicating the kidnappers were hiding in the hills and bluffs between Alton and Jerseyville, were run down by officers, who found no trace of the abductors.

Mrs. August Luer, 75, wife of the kidnapped banker, who was knocked down twice by the kidnappers and received a gash on the head when she fell against a mantel, was in improved health and sat on the porch at her home for more than an hour.

ALTON BANKER'S  
SONS ASK THAT  
OFFICERS RETIRE

Believe the Kidnapers Of  
Invalid Will Then  
Make Approach

BULLETIN

Alton, Ill., July 12.—(AP)—Two men were designated today by the family of August Luer, wealthy banker and meat packer, to act as agents in effecting his release for ransom from kidnappers who seized him in his home Monday night.

The two men who will act as agents for the Luer family are Orville S. Pratt and Lawrence Keller, Jr.

Simultaneously, it was announced that Alton police, Madison county deputies and the state highway patrol would be withdrawn from further investigation of the case and that all lines of communication with the Luer family would be cleared to make easy the efforts of Luer's captors to communicate with the family and arrange for his return.

At an early morning conference Luer's three sons, Herman P., William J., and Carl A., decided that the withdrawal of the police was necessary to allow the kidnappers an opportunity to arrange for release of their father.

Mayor Butler of Alton, directing the police investigation of the abduction, would not comment on the request of the brothers, but it was learned that he and his associates had reached no decision on the plea of the family. Luer is subject to frequent violent heart attacks and the request was made by the sons on the theory that as long as the elder Luer is in the hands of the kidnappers his life is in grave danger because of his illness.

**Hope For Communication**

Luer's sons expressed the hope that the first communication from the kidnappers would be a note bearing their father's signature and a few lines of his handwriting.

THIS old fortress of San Felipe stands guard over Cartagena, a city which is attracting particular attention this year because it is celebrating its 400th anniversary. It was built in 1533 that Don Pedro de Terada founded Cartagena on the shore of South America.

It is selected this site because the narrow channel which was the only ingress from the open sea, the surrounding mountains formed excellent natural fortifications, and because the place offered a splendid trans-shipment point and base of supplies for the overland pack trains carrying the treasures of New Granada collected for the coffers of the Spanish kings. Around the city he erected a high wall which rises almost straight from the sea—a wall destined to feel the shock of scores of attacking armies, for Cartagena's tremendous wealth, drawn from the silver and

gold mines of the interior, was a constant challenge to the world.

Guarding Cartagena today is the same tower-topped wall, the same grim fortresses that met the attacks of Drake, and Vernon who, incidentally, numbered Lawrence Washington, George's older brother, among his officers, a fact which led to the Washington mansion's being called Mount Vernon. Cartagena has changed but little with the passage of time. It presents a picture of the Middle Ages which few European cities can offer and for this reason is one of the most popular ports on the New York-California sea route. The ancient plaza looks much as it did in the days of the conquistadores. Crooked cobbled streets still zigzag their way between overhanging balconies to monasteries built in the 16th century. And in the shadow of dungeons where prisoners once languished in chains, the present-day natives go cheerfully about their household tasks.

LINDBERGH'S TAKE OFF  
Halifax, N. S., July 12—(AP)—Colonel Charles A. Lindbergh and his wife hoped off from here today for the next stage of their projected trip for mapping an aerial route over Labrador and Greenland.

Waving a cheery good-bye the famous American flying couple soared away from Halifax harbor shortly after noon "for no particular destination but bound northward."

The Colonel, however, had clearance papers for Newfoundland and it was believed he and Mrs. Lindbergh would stop overnight at St. John's before proceeding further upon their northward travels.

Colonel Lindbergh went down to the Eastern Passage seaplane base shortly before 10 o'clock and rode out to the plane with two friends.

After putting around for half an hour checking his wireless and the motor, he returned and said, "We have no particular destination, but we are bound northward."

"Everyone else seems to know more about this trip than we do," he said laughingly. "We have no definite schedule."

The Lindberghs arrived at 5:50 P. M. (3:50 P. M. CST) yesterday.

## Traveling Around America

400 YEARS OLD

THIS old fortress of San Felipe stands guard over Cartagena, a city which is attracting particular attention this year because it is celebrating its 400th anniversary. It was built in 1533 that Don Pedro de Terada founded Cartagena on the shore of South America.

WILL PROSECUTE  
THREE IN UNION  
STATION SLAYINGThe Widow Of Prisoner—  
Victim Is One Of  
Those In Jail

Kansas City, July 12 —(AP)—The government moved today toward prosecution of two women and one man, all taken into custody in the course of efforts to locate the machine gun slayers of

Frank Nash, at the Union station here June 17.

Suspected by authorities of having figured in plotting the attempt to deliver Nash, following his arrest at Hot Springs, Ark., the three were Mr. and Mrs. Herb Farmer, Joplin, Mo., and Mrs. Nash, widow of the slain prisoner. Mrs. Nash, brought here yesterday from Weonona, Ill., by operatives of the United States Bureau of Investigation, faces charges of obstructing justice, the same charges on which the Farmers were arraigned.

Disclosures Withheld.  
The widow was questioned for more than seven hours but agents declined to divulge any information she may have given them. They also declined to reveal why she was booked as Mrs. Frances Miller.

R. E. Vetterli, Chief of the Bureau of Investigation here, said agents of the department had known where Mrs. Nash was since two days after the Union Station shooting. Authorities believe she notified members of her husband's gang after Nash's arrest and then made an airplane flight to Joplin, Mo., where she went to the Farmer home. It was from Farmer's home near Joplin that officers traced telephone calls to the Kansas City residence of Verne Miller, ex-convict now sought as one of the men who handled a machine gun in the massacre.

Electrical Power  
Output Increases  
New York, July 12 —(AP)—The largest gain in electric power output since the start of the upturn early in May was reported today by the Edison Electric Institute for the week ended July 8. As compared with the same week last year the increase was 14.7 against a lift of 13.7 per cent in the previous week.

Because of the July 4 holiday production fell off from the peak figure of the previous week. The output was 1,538,500 kilowatt hours against 1,655,843,000 in the period ended July 1, and 1,341,730,000 for the corresponding week last year.

The central industrial region gained 16.2 over last year, compared with 17.7 the previous week.

All grains closed nervous, rye 3 to 3 1/2 cents above yesterday's finish, wheat 1 to 1 1/2 up, corn unchanged to 1/4 down, oats 1/4 to 3/4 up, and provisions unchanged to 3/4 cents decline.

According to a bulletin, 94 per cent of recorded earthquakes occur in two narrow clearly defined belts—one called the Mediterranean, with 53 per cent, and the other the Circum-Pacific, with 41 per cent; the rest of the world has only 6 per cent widely distributed.

There are from 30,000 to 40,000 eggs in the average shad roe.

DINNER FROCK HAS QUAIN TOUCH

By NEA Service

Hollywood—Wash. fabrics fashion some of the clothes you find your self looking at admiringly at dinner time these days.

Irene Hervey wore a leaf green organza blouse atop a white crepe bias-cut skirt. The blouse had two ruffles around the bottom—peplum effect—and a silk waist sash of darker green tied around the waist just above the ruffles.

Circular ruffles formed the cape sleeves. The neckline was plain and square.

Dancing at the Coconut Grove with St. Bartlett, Boots Mallory wore a two-piece outfit consisting of a red gingham formal dress and a white pique jacket lined with the gingham. The gingham showed on the back of the turned-down collar and on the lapels. Boots' slippers were of white linen.

Lupe Velez like two-piece dinner frocks, too. The other night when she was dining at the Coconut Grove with Johnny Weissmuller, she wore a yellow and white organza habit, a high waisted skirt and tuck-in backless waist.

Lupe's swaggar coat was hip length and she completed her ensemble with bright green sandals.

When Arline Judge danced in the Roosevelt Blossom Room with her director-husband, Wesley Ruggles, she wore a pale green starched lace dress. The skirt had a rippling fullness from waistline to hem. A printed belt of highly colored flowers divided the top and bottom of the gown so distinctly as to give a definite two-piece effect.

1-2 cup Graham flour  
3 tablespoons sugar  
1-4 teaspoon salt  
1-2 teaspoon soda  
2-3 cup sour milk  
2 tablespoons fat, melted  
Mix ingredients, beat one minute.  
Half fill greased muffin pans, bake 15 minutes in moderate oven.

1-2 cup diced peaches  
1-2 cup diced pears  
1-2 cup diced pineapple  
Mix and chill fruits. Arrange on lettuce.

**French Dressing**  
1 teaspoon salt  
1 teaspoon sugar  
1 teaspoon dry mustard  
1 teaspoon paprika  
1-2 teaspoon celery seed  
4 tablespoons vinegar  
2-3 cup salad oil  
Mix ingredients, beat well. Chill and serve.

**Cherry Cobbler**  
2 cups cherries  
2-3 cup sugar  
1 teaspoon lemon extract  
1 cup water or cherry juice  
2 teaspoons baking powder  
1-8 teaspoon salt  
4 tablespoons butter  
1-2 cup milk  
Mix cherries, sugar and lemon extract. Add water, pour into buttered, shallow pan or baking dish. Mix flour, baking powder and salt. Cut in butter with knife and mix, using with knife, add milk, when soft dough forms, pat out and fit over cherries. Make 3 holes in top to allow steam to escape. Bake 25 minutes in moderate oven. Serve warm or cold.

**Bridge Expert to Appear in Dixon**

Local Bridge fans will have an opportunity the next few weeks of availing themselves of the services of H. J. Raeppe, tournament director and Bridge writer. Mr. Raeppe is a member of the Century of Progress Bridge Tournament committee, and is affiliated with the Western Bridge Association and the United States Bridge Assn. Assisting Mr. Raeppe is G. S. Austin, expert player and Chairman Membership Committee of the Freeport Bridge Association.

Many phases of expert play and bidding are fascinating if clearly presented, and many opportunities arise to use them in nearly every game of bridge.

Psychic bidding, slam bidding, cue bids, the correct finesse, and plays, squeezes, etc., should be in the repertoire of every good Bridge player. These are some of the topics which will be presented in the visiting experts program.

Arrangements for instruction, informal matches, supervised play and tournament organization and direction may be made beginning next Thursday, July thirteenth.

**Dr. Jos. Beech To Talk at Franklin**

Attendants at the Epworth League Institute at Franklin Grove camp ground, of whom there are more than in several recent years, will hear an address by Dr. Joseph Beech, who recently returned from China, on Friday evening, instead of Bishop Waldorf, who was originally scheduled to appear. Rev. A. T. Stephenson, formerly pastor of the Dixon M. E. church, is Dean of the institute and his many friends here are enjoying meeting him at the grounds.

**MISSIONARY SOCIETY TO MEET THURSDAY**

The Women's Missionary Society of St. Paul's Lutheran church will meet Thursday a two-thirty in the church parlors. The hostesses will be Mrs. Bert Ortgiesen, Mrs. E. L. Kling and Mrs. Harry Moore.

## Enjoy Party for Miss Bachofen

Mr. and Mrs. H. Bachofen of Amoy delightfully entertained on Monday evening at the Dixon Country Club for their daughter, Miss Ruth Bachofen.

A chicken dinner was the first feature of the happy evening, followed by buncos and dancing, with a midnight luncheon concluding the festivities. The chaperons were Mrs. Bachofen, Mrs. Ruckman and Mrs. Griffith.

The first prize for ladies at buncos was won by Miss Evelyn Eisenberg, the consolation prize going to Miss Ila Reuter. John Griffith won the head prize for the gentlemen with Charles Bates winning the cut prize.

The young people attending the party included John Griffith, John Ottingheim, Robert Leake, Martin Schuette, Charles Bates, Donald McKune Dale Reis Edward Lester, Misses Ruth Bachofen, Evelyn Eisenberg, Leah Dyer, Maxine Simpson, Dorothy Bertram, Rosemary Hammond. The happy evening passed all too swiftly for the young folks who had a grand time.

## Hillside Community Club Entertained

The Hillside Community Club met at the home of Mrs. Marcy Spratt and family, northwest of Franklin Grove, Friday evening, with a very large attendance. A picnic supper was heartily enjoyed, after which all enjoyed ice cream and angel food cake. The rest of the evening was spent in visiting and games. It was decided to hold threshers' picnic for the next meeting, which will be announced later. At a late hour all departed for their homes, thanking the Spratt family for the good time enjoyed by all.

## TO ATTEND SUMMER CONFERENCE AT CEDAR LAKE

Mr. and Mrs. A. E. Marth and family, Mrs. W. R. Fulrath of Savanna and Miss Ruth Harstick of Beloit, Wis., left this morning for Cedar Lake, Ind., where Miss Gladys Marth will attend the ten day summer conference for girls.

## Birthday Party For Russell Byers

Sunday Mrs. Russell Byers and Mrs. John H. Byers cleverly carried out a happy surprise for Russell Byers in honor of his birthday which occurred Saturday. They held a picnic dinner up the river at Lowell Park which was attended by about ten relatives and friends in his honor. A delicious picnic luncheon was served and the afternoon was spent at the lovely park. Mr. Byers received a number of nice gifts with best wishes for future happy birthdays.

Attending the dinner were Mr. and Mrs. Russell Byers and daughter, Mr. and Mrs. Chester Olson of Peoria; Mr. and Mrs. Orville Smith and Mr. and Mrs. Thomas Erwin, and their families and Mrs. John H. Byers.

## Y. W. M. S. Had Picnic at Lawrence Park

The Young Women's Missionary Society of St. Paul's Lutheran church held a picnic supper and meeting at Lawrence Park last evening all reporting a most enjoyable time. There were about twenty-five in attendance. After the supper a meeting was held and after the meeting some enjoyed a swim and others enjoyed games.

## FAMILY GATHERING AT HOME REV. AND MRS. HYDE

## Sixth Concert By Dixon Civic Band Friday Eve

The Dixon Civic band will render its sixth concert of the popular summer series Friday evening at the Assembly park auditorium. Director Russell Mason has received more than a hundred requests for numbers by the band, which he requested at the opening of the season. He is now engaged in drafting a program from these requests, which will be played within a short time. The program for Friday evening will include encore numbers, "The Whistler and His Doz," "The Crusader March," and vocal selections, "Shuffle Off to Buffalo," and "Hold Me," by Bob Fulmer and Gene Lebre respectively. The program is as follows:

March, "The Stars and Stripes Forever"—John Philip Sousa.

Overture, "LI Guarany"—A. Carlo Gomez.

(a) To My Wife, "Noia"—Felix Arndt.

(b) "Would God I Were the Tender Apple Blossom" (Londonderry Air)—Old Irish Melody. (Trombone Obligato)—Earl Sennett.

Waltz, "Blue Danube"—Johann Strauss.

Tone Poem, "Japanese Sunset"—Jessie L. Deppen.

Selections from "Rose Marie"—Rudolph Friml.

## Y. P. M. C. OF GRACE CHURCH HELD MEETING

Thirty-three members and visitors attended the regular monthly meeting and social of the Y. P. M. C. at the Grace Evangelical church Monday evening. The devotionals were in charge of the leaders of the evening, the Misses Evelyn and Faye Roberts and Miriam Smith. The mission study on, "The Indian Americans" was given in a most able manner by Mrs. Phyllis Heckman. A solo, "The Beautiful Garden of Prayer," was sung in a pleasing manner by Miss Alta Dunsmuth. Miss Marion Buzard gave a reading which was enjoyed by all. Miss Dorothy Ambrose and Mrs. Norman Detrich had charge of the business session. Plans were made to give an ice cream social in August. The proceeds will go toward missions. It was also planned to have the Circle picnic, including families, in August at Lowell park, the date to be announced later.

One of the special features of the evening was the dialogue entitled, "The Power House," given by the officers of the Circle, which was very instructive. The dialogue emphasized the value of what the Missionary World should mean to the members of the Circle. The Misses Hazel Rhodes and Marion Buzard had charge of the games during the social hour. To make the evening complete, delicious refreshments were served by the hostesses.

## WHERE IS DISARMAMENT FAILURE DRIVING US?

As the world disarmament conference puts off until Oc-  
tober the task of reaching some sort of agreement, Secre-  
tary of the Navy Swanson announces a plan to build the  
U. S. navy up close to treaty strength; and once again it  
becomes painfully evident that the job of cutting down  
the world's military establishments is almost impossibly  
difficult.

There are more men under arms today than there were  
in the spring of 1914. The world's annual expenditures  
for national defense are far higher today than they were  
in 1914. The suspicions, fears and jealousies which led  
up to the war in 1914 are duplicated today by emotions  
equally strong and equally dangerous.

Last winter Gen. Douglas MacArthur, U. S. army chief  
of staff, compiled some figures on the world's famous ar-  
mies. He showed that Europe, Japan, China and the United  
States are keeping a total of 6,207,538 men in uniform.  
To do this, and to maintain their navies, air fleets and bor-  
der defenses, these nations are spending around \$4,000,-  
000,000 a year.

Before the war those armies numbered 4,063,000, and  
the total military expenditures were about \$2,500,000,000  
annually.

Those facts in themselves are dismaying enough. But  
when you contrast them with the high promises all world  
statesmen made their people during and immediately after  
the war, the situation becomes even more discour-  
aging.

We were told, then, that the nations of the world would  
make a new effort to keep the peace. The League of Na-  
tions would help settle disputes; there would be non-ag-  
gression treaties, arbitration agreements and what-not to  
make war less likely; the frightful sacrifices of the World  
War would be justified by the fact that no such war could  
ever happen again.

Into the Versailles treaty was written the pledge that  
the World War's victors would disarm just as soon as they  
possibly could.

And today disarmament looks farther away than ever,  
armies are bigger than ever, and more gold than ever be-  
fore is being laid on the altar of the god of war.

What's the answer? Will we stumble blindly along un-  
til at last we trip into a worse war than the last one—or  
will we finally insist that statesmen live up to their prom-  
ises and give us the disarmament they have promised?

## RUSSIAN RECOGNITION NEARS.

One would not have to be exactly daring to predict that  
normal diplomatic relations will be in existence soon be-  
tween the governments of the United States and of Soviet  
Russia.

A delicate little hint was given when President Roose-  
velt issued his famous communication to the governments  
of the world several weeks ago. Among the world lead-  
ers to whom that communication went was the Russian  
executive, who has never had any legal existence as far  
as our State Department is concerned.

On top of that, American delegates at the London con-  
ference were observed in close communication with Rus-  
sian delegates. And a little later it was announced that  
the R. F. C. will finance a series of loans by which Ameri-  
can exporters will be able to sell between 60,000 and 80,-  
000 bales of cotton to Russia.

One is hardly being rash in anticipating that formal  
recognition will logically follow these steps before very  
long.

## THE PRESIDENT'S VACATION.

Seldom have the old and the new types of sea travel  
been more sharply contrasted than was the case during  
President Roosevelt's recent vacation trip to Campobello  
Island.

The northward trip was made by sailboat. George  
Washington himself, if he had been so minded, could have  
made that trip in almost exactly the same way. His  
schooner wouldn't have been stocked with canned goods  
and it wouldn't have been trailed by destroyers, but in es-  
sentials it would have been the same sort of boat, handled  
in exactly the same way.

But the homeward trip, made via the cruiser Indiana-  
polis, was the last word in modern sea travel. No ship  
afloat is kept as religiously up to date as a warship, and  
the Indianapolis is the newest of the new. Had the presi-  
dent come back on the new airship Macon itself, his home-  
ward trip would hardly have differed more from that lei-  
surely cruise on the Amberjack II.

The only way to write a really popular song is to put  
one's self first in the state of mind of a less than average  
person, with less than average vocabulary, range of  
thought and sense for grammar.—Dr. Sigmund Spaeth,  
music critic.

The government should content itself in the field of in-  
dustry with acting as a check to private industry's ex-  
ploitation and greed.—Dr. Robert A. Millikan, scientist.

anything without it.—John D. Rockefeller, Sr.

DIXIE STATE TO  
FURNISH TIP OFF  
ON PROHIBITIONThe Alabama Election To  
Show Trend Of Sen-  
timent In South

Washington, July 12 (AP)—  
The real tip off to the probable  
fate of prohibition, most all the  
interested agree, will come a week  
from today in the Alabama and Ar-  
kansas referendums.

So sure is Postmaster General  
Farley that favorable action on re-  
peal by those states would mean  
"it's all over" that he is taking the  
administration's drive into the deep  
south.

At Memphis, Tennessee, on July  
15-Saturday—he will plead for the  
crasure of the Eighteenth  
Amendment. His speech will be  
transmitted to Alabama and Ar-  
kansas, which vote July 18, two  
days before Tennessee.

In the next month, Oregon  
passes on the repeal resolution  
July 21, and Arizona August 6.

Other Election Dates.  
Texas, August 26; Washington,  
August 29; Vermont, September 5;  
Maine, September 11; Maryland  
and Minnesota, September 12; Ida-  
ho and New Mexico, September 19;  
and North Carolina, Ohio, Penn-  
sylvania, and South Carolina No-  
vember 7.

Florida, Missouri, Montana, and  
Utah are expected to hold elec-  
tions this year. Bills approved by  
the Florida and Missouri legisla-  
tures give the Governor the right to  
select a date this year. The Govern-  
ors of Montana and Utah may se-  
lect dates either this or next year.  
In Nebraska and South Dakota,  
Nov. 6, 1933, has been definite-  
ly picked.

## Conventions Today

The Illinois and Iowa state con-  
ventions yesterday brought to  
eleven the number of states which  
have formally ratified repeal. The  
others, Michigan, Wisconsin, Rhode  
Island, Wyoming, New Jersey, Del-  
aware, Indiana, Massachusetts and  
New York.

(READ THE STORY, THEN COLOR THE PICTURE)

As all the Tinkles swayed in air,  
wee Duncy said, "I wonder where  
we're bound for. Gee, the lassie man  
has surely been real kind."

"He knows we like adventure  
and we'll likely land in some new  
land. The skinnyscouts fly right  
along. They do not seem to mind."

"Then Scouty, as he gazed around,  
cried, 'Hey, lads, look down t'ward  
the ground. The lassie man is wav-  
ing. He will soon be out of sight.'"

"Wave back at him with just one  
hand. Of course you lads all know  
understand that if you take both  
hands off you'll be in an awful  
plight."

"I'll say we will!" said Doty.  
"My, we're sailing 'way up in the  
sky. To drop from here would be  
too bad. No telling where we'd  
land."

"That nothing happens to this  
rope is one thing I sincerely hope.  
I guess we're lucky, so far, 'cause  
the tub has turned out grand."

Just then they saw a cloud  
head and Doty very loudly said,  
"The birds are heading t'ward it."

"Oh, what are we going to do?"  
Wee Scouty answered, "Hang  
on tight. I think that we will be  
all right. If we are going to hit  
the cloud, we'll simply pass on  
through."

And that's just what they did.  
The cloud seemed very strange to  
all the crew. 'Twas just like a  
steam. "Gee, I can't see a single  
thing," said one.

Then, out they came, into the  
light and everything was quite all  
right. They all thought the ex-  
perience was really lots of fun.

The birds swooped to a stream  
below and shortly Duncy shouted,  
"Oh, we're going to get a duck-  
ing!" Soon the lad found he was  
right.

The Tinkles splashed right in the  
stream and both the girls began to  
scream. The water felt real good,  
though, 'cause the sun was hot and  
bright.

## Daily Health Talk

## NASAL OBSTRUCTION

One should normally breath  
through the nose. When this be-  
comes difficult or impossible, we  
suspect that it is due to nasal  
obstruction.

In children of school age the  
great majority of cases of nasal ob-  
struction are due to an overgrowth  
of the adenoids.

In nursing infants nasal obstruc-  
tion may be due to an enlargement  
of what is called the inferior tur-  
binate that is, the lower of the  
shelf-like structures that extend  
into the nasal space.

Infants so affected experience  
great difficulty in nursing, because  
they are obliged to interrupt feed-  
ing in order to take a breath  
through the mouth. This condition  
in infants can be treated effectively  
by medicinal applications in the  
nose, which cause a shrinkage of  
the soft tissues of the turbinates.

After puberty, and as the indi-  
vidual reaches early adult life, ade-  
noids become less and less impor-  
tant as a cause of nasal obstruction.

At this time enlargement of the  
turbinates, irregularities of the  
middle wall of the nose projecting  
growths in the nose space called  
mucous polypi and infections of  
the head sinuses are the most com-  
mon causes of nasal obstruction.

Nasal obstruction when chronic  
leads to mouth breathing. The  
habit of breathing through the  
mouth may become fixed and may  
persist even when the adenoids or  
other obstructions have been re-  
moved. Hence it becomes necessary  
particularly with children, to re-  
educate them in their breathing  
habits.

A child should be taught to  
keep the mouth closed, except when  
eating or speaking. When in bed  
the child should be encouraged to  
lie on the side.

Breathing exercises are also of  
value. The child immediately after  
getting up in the morning should be  
encouraged to clear its nose gently,  
and then, with the mouth tightly  
closed, to take ten or more breaths.

Tomorrow — Tonsils, Adenoids,  
Ears.

Nebraska was the first state to  
observe Arbor Day, in April, 1872.

MERRIMENT, CAMERADERIE, NOISE, NAUGHTINESS—  
THAT'S STREETS OF PARIS AT A CENTURY OF PROGRESS

CHICAGO, July 10.—No-  
where, even in this cen-  
ter of gaiety—the Chi-  
cago World's Fair, A Cen-  
tury of Progress—does the  
spirit of merriment and cam-  
eraderie appear more spon-  
taneous than in the Streets  
of Paris.

In endless procession sightseers  
flock into the great canvas liner  
that is to spirit them, figuratively,  
to the land of romance a few of  
them have seen and all want to see.

Boom! The whistle blasts its  
deep, irresistible welcome, and in  
they come. Up the gangplank—by  
the hundreds, by the thousands.

They came for a World's Fair,  
but they won't go home without  
seeing Paris.

City of gaiety, ancient, ever-new,  
happy and tragic, brilliant, shad-  
owed, as bright as it's painted?  
They mean to find out.

Boo-o-o-m!  
Up the companionway, through  
the hatch into Paris.

Steins in Profusion.  
By the hundreds, the thousands,  
Laughing, some knowingly, some to  
hide tremors. Sophisticates are in-  
terested, the naive feign boredom.

Flower-girls greet them; ciga-  
rette girls, with shapely legs twin-  
kling in sheerest chiffon.

Boo-o-o-m! They're in Paris!  
There's Harry's New York Bar.  
Beer has come back with a venge-  
ance. It never left Paris. Steins  
on the bar, and steins on the ta-  
bles. Steins in the air, foam drip-  
ping in jewels. Barnmaids in sweat-  
ers, short skirts and berets. A trio,  
with voices forgotten, but spirits  
undying, grinds out the songs as  
the customers name them. A pale  
piano player cocks a brown derby,  
a limp cigarette almost burns his  
lips.

Into the street again. Shops with-  
out number cry out their wares.  
Silhouettes while you wait! French  
dolls that squirm with exuberant  
gyrations! Curious, novelties, "di-  
rect from Montmartre!"

Let's All Be Artists!  
The Cafe de la Paix, a huge  
amphitheater, seething with motion,  
swells with the laughter of diners  
and dancers. Spotlights and flood-  
lights, choruses, waiters flit through

the merriment of a giant kalei-  
scope.

Out in the streets sound the  
harsh cries of barkers.

"Life class! Live models! You  
can't be Parisian till you've learned  
how to draw them!" In they pour,  
cigarettes to appear unaffected.

## PROCEDURE TO GET FARM LOAN OF GOVERNMENT

The Associated Press Has Explanation Of New Relief Statutes

(Editor's Note: "How can I, as a farmer, place a Federal land bank mortgage on my land; what chance is there, in view of the vigorously deflated values, of obtaining a fair valuation on my land? And to whom do I apply for one of these loans?")

Thousands of such inquiries have arrived in the offices of Congressmen.

This is the first of two articles in which The Associated Press explains the steps necessary to obtain a farm mortgage loan.)

Washington, July 12 —(AP)—The ordinary farmer, anxious to refinance his acreage under the emergency farm mortgage act of May 12, 1933, must be prepared to assure the Federal Land Bank agents of St. Louis, which serves Illinois and Missouri, whether the loan he hopes to obtain will provide for:

1. The purchase of land for agricultural uses;
2. The purchase of equipment, fertilizers, and livestock necessary for the proper and reasonable operation of farm land;
3. The liquidation of indebtedness of the owner of the land mortgage incurred for agricultural purposes, or incurred, prior to Jan. 1, 1933; and
4. Continued operation of the land mortgaged.

**On First Mortgages**  
If those questions are answered satisfactorily, the Federal Land Bank can make loans only on first mortgages on farm lands. Such loans may be made up to \$50,000, and for not less than \$100 to any one individual.

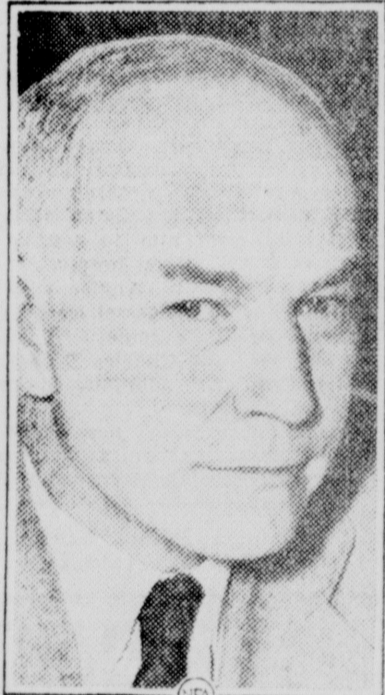

No loan can exceed 50 per cent of the appraised normal value of the land mortgaged and 20 per cent of the appraised value of the permanent, insured improvements thereon.

Many inquiries have been received from individuals who are doubtful whether they can be benefited under the act.

"I bought my land back in 1912," they write, "for \$22,000. I couldn't get \$10,000 for it now. I've got a mortgage of \$15,000 on it today. How can I possibly raise enough money through this act to help me?"

Henry Morgenthau, Jr., Governor of the Farm Credit Administration,

A wealth of lustrous wavy hair helped Miss Lucille Lund, Northwestern University co-ed of Evanston, Ill., win the title of the "most beautiful college girl" in a national contest conducted by a college magazine. Here's the winner, her face turned toward Hollywood and a movie test.

answers that question in this way:

**Must Be Appraised**  
"Before a loan can be made, the farm offered as security must be appraised by a Land-Bank appraiser appointed by the Land Bank Commission."

"The basis of appraisal in all cases is the normal value of the land for agricultural purposes and its earning power for such purposes is a principal factor."

"Average prices of farm commodities during the ten years from 1903 to 1914 are used as a basis for determining normal values, allowance being made, of course, for increased taxes and other costs and for any changes in the economic position of the commodities produced."

Morgenthau continues to explain that all applications should be made to the nearest Farm Loan Association, wherever such an association exists. The nearest Farm Bureau should be able to give this information.

In case there is no Farm Loan Association in that community then applications for loans may be made directly to the Federal Land Bank.

## Cleaning Fluid May Have Caused Fire At Capitol

Springfield, Ill., July 12 —(AP)—A theory that combustible cleaning fluid used on the walls of the state Capitol building may have been responsible for the disastrous fire in the south wing Sunday was advanced by Sherman Coultas, State Fire Marshal.

Coultas began an investigation after finding a can of the fluid on the fourth floor of the building yesterday. He said some of it had been spread on the walls of the fourth floor of the north wing by cleaners. The damage from the flames was estimated at less than \$100,000 by C. Herriek Hammond, State Supervising Architect.

## Physicians Advise Against Removing Kinney To Capital

Springfield, Ill., July 11 —(AP)—State's Attorney A. H. Greening of Sangamon county said physicians attending Garret Def. Kinney, former State Director of Finance, had advised against his removal from a Peoria sanitarium to Springfield to stand trial on charge growing out of a fund shortage.

The report was made at the request of Greening following a visit yesterday at the bedside of Kinney, who shot himself several weeks ago, and said the physicians would not care to assume the responsibility for the removal of Kinney by ambulance.

## Sidelights In News In Capital Of United States

By HERBERT PLUMMER

Washington — Uncle Sam's start on the new fiscal year July 1 wasn't an occasion for personal rejoicing by some of his employees.

The economy ax was due to fall on that date—and they could not look to that trusted bulwark, the Civil Service, for protection against its downward swing.

Workers by the hundreds in Washington and out in the field were forced to go. Unofficial estimates placed the number of dismissals in the neighborhood of 8,000.

Those who had not already been informed of their fate by June 30 ("Black Friday" was the designation given in Washington of the date) were still uncertain.

## UNEASY SEATS—

For many of them who had not been told of their dismissal may have to go unless they can be transferred into the emergency agencies.

Then, too, the horde of job-hunters that throng the capital day by day using every known political device to land a position makes many of the present federal workers anything but sure of where they stand.

Here was the situation at a glance in the various departments:

In the state department—62 Washington employees and 50 consular officers were out.

In the war department all temporary employees were dismissed and 5,000 arsenal workers were on a short week pending a chance at public works jobs.

In the navy 203 dismissed and payless furloughs planned.

In the treasury 60 public health officials, 66 internal revenue attorneys and clerks dismissed in Washington; about 500 public health employees and 480 internal revenue employees dismissed in field, with furloughs for others. Customs Bureau reduced 1,000 by not filling jobs.

## CHOOSE YOUR EXIT—

In the justice department 71 in bureau of investigation and 186 others removed, about 150 to go before July 15. In prohibition 1,300 dismissed.

In agriculture about 300 employees out.

In commerce 100 foreign service and 139 domestic trade agents removed; 100 to be retired, 300 married persons dismissed in Washington and in field. Possibly 300 others to go.

In the interior there are about 300 separations, furloughs for the

### City Dudes Defeat Scriven's Outfit

The City Dudes added another victory to their long list of wins at the south field last evening by defeating Scriven's Independents by a score of 11 to 2. A feature of the batting spree was a home run into the high school property off the bat of "Shires" Miller. Cortright of the Dudes, who has been in a batting slump, has joined the "sluggers" column and in a game last week was responsible for two home runs and a two base clout. He was successful last evening in pounding out one double.

### HOW ABOUT PECK—

A couple of weeks ago, with the Indians in the depths of a slump, the Cleveland front office gave a very large gate to Roger Peckinpaugh and made Walter Johnson manager.

Since then the team has shown no indication of snapping out of the doldrums, although Johnson has done everything a smart baseball man could do toward that end.

### BABE GIVES LOWDOWN—

Now along comes Babe Ruth and says the Indians never will be a winning team as long as it plays in the huge lakefront stadium where home runs are as rare as hens' six-year molar.

"The Indians were hard to beat in 'League Park,'" says Babe. "They had a tough team, with batters who had power enough to reach that short rightfield wall. The same power exerted now gives them pop flies."

"Yesterday I quit trying to hit homers in this big park. I decided to shorten up my swing for any kind of hits. I have found it useless to swing as I naturally

swing in other parks to get home runs. Gehrig hit a couple here the other day that would have been homers in any other park."

### TOO MANY GAMES—

The Babe was asked if the big park didn't have the same effect on visiting teams that it bore on the Indians, making it as fair for one as for another.

"Well, the Indians have to play half of their schedule here—77 games. Each visiting team plays only 11 games in this overgrown pasture. Any team that would have to play 77 games in this lot would fold up."

"A homer over the right field wall in the old park had to travel only 260 feet. Compare that distance with the 409 feet a notarc has to travel now—and that 409 feet is right near the foul line, on either side of the field. It just isn't being done."

"I never hit a home run in this park. Neither has Gehrig, Al Simmons or Jimmy Foxx. There's the answer for you."

"There's the answer, gentlemen. But just what does that make Roger Peckinpaugh, the manager who was fired because the Indians couldn't win? You guess!"

### THURSDAY'S CARD

Elwood "Kid" McReynolds, Dixon, vs. Ted Huston, Davenport, 147 pounds.

Cliff Bordeau, Rock Island, vs. Johnny "Beauvy" Scanavino, Joliet, 122 pounds.

Clint Ensley, Mt. Morris vs. Babe Ciccone, Ladd, 135 pounds.

Eddie Carlson, Dixon, vs. Tony Leconchis, Rock Island, 135 lbs.

Clark Roush, Dixon, vs. Pete Smith, Rock Island, 147 pounds.

"Bob" Jones, Dixon, vs. Johnny DePover, Rock Island, 122 pounds.

Referee—Jack Sharkey, Dixon.

Timer—Tim Sullivan, Dixon.

Judges—James Bales and Cal Tyler, Dixon.

The weekly boxing show to be held tomorrow evening at the Crawford Maples arena is sponsored by Dixon Post, No. 12, American Legion, and the advance sale of seats indicates a record crowd.

Matchmaker Ed Hooker of the Dixon Athletic club has scheduled another fine program consisting of six bouts, which will bring to the ring six boxers from Rock Island, Joliet, Ladd and Mt. Morris.

A feature of the program will be the double windup, the outstanding number being the match between Elwood "Kid" McReynolds of Dixon and Ted Huston of Davenport, Iowa, in the 147 pound class.

Both boxers were Golden Glove contenders in Chicago last fall and went into the finals. It will be McReynolds' first appearance before a home crowd this season while Huston will make his initial bow before the local boxing fans.

The semi-windup match brings together two more Golden Glove champions, Cliff Bordeau of Rock Island and Johnny "Beauvy" Scanavino of Joliet, in the 122 pound division. Both of these bouts should be hotly contested and with plenty of action.

Clinton Ensley of Mt. Morris, who fought a hard battle last week to meet defeat, will step into the ring against Babe Ciccone of Ladd at the weight of 135 pounds. Local fans have seen both youngsters in action and the promises favor plenty of hard slugging.

Tony Locconis of Rock Island will meet Eddie Carlson, always a popular favorite with the local followers in the 135-pound class.

Clark Roush of this city, who battled several lusty hitters last season, will enter the ring for the first time this summer against Pete Smith, a lusty batter from Rock Island in the 147 pound division.

"Bob" Jones of Dixon and John DePover of Rock Island, appearing in the curtain raising event at 122 pounds, will battle their first fights.

### Young Ex-Convict Leaped From Wheel Chair To His Death

Chicago, July 11—(AP)—Drawing himself up to a courtroom window from his wheel chair, William Henry, 20-year-old prisoner, jumped four stories to death from the Criminal Court room of Chief Justice John Prystaski today.

Henry, an ex-convict, who was to have gone on trial this morning on a larceny charge.

Apparently he feared to face Judge Prystaski again—the judge had sentenced him to Pontiac reformatory in March, 1932, and today he was to face the judge for another automobile theft.

At the time of his capture the stolen car in which he was riding was wrecked and Henry suffered a leg injury that prevented him from walking.

## SUPER-CABINET HOPES TO PUSH RECOVERY PLAN

There's Lots Of Activity  
In Washington: Chief  
Orders Speed

Washington, July 12—(AP)—Actively stimulated by orders from the boss to cooperate to the end spread today through the government agencies that are trying to restore prosperity.

The invigorated efforts center about plans to get the unemployed back at work and guarantee them wages, feed those who cannot obtain jobs, lighten the home owners' burdens, help the farmer, protect the consumer—in short, to make things as they should be.

Roosevelt today was making a last study of \$200,000,000 worth of obnoxious projects to be constructed under the public works program, the industrial administration and plans for hearings on new work-spreading, wage-fixing agreements by major industries; the relief administration promised to care for transient needy and demanded that states help take care of the unemployed at home; the Home Loan Board pushed its organization into a score of states; Attorney General Cummings was on guard against unjustified higher prices; the farm administration was pushed on its crop-reduction program.

**Board Approved Plans**  
The \$200,000,000 public works program already had the approval of the board charged with responsibility. It needed only the President's endorsement. Officials said much of this work could begin almost immediately, thus creating jobs quickly.

Likewise, the Bureau of Public Roads studied allotments to states for highway construction. The public works cabinet board got ready to pass on non-federal construction works and agreed to advance federal money to help finance them.

Before establishing yesterday what the Capital calls his "super-cabinet" to coordinate the recovery drive—and telling these men to work fast—Roosevelt looked over, and revised considerably, a preliminary list of federal public works projects proposed. Some could not be started soon enough.

Over at the industrial administration, prospects were brighter for that job-spreading program. Hugh S. Johnson expected quick submission of an agreement by which steel producers would fix minimum wages and maximum hours in this industry, as in others, Johnson hoped a code of fair competition would require more men to do the work now being performed.

**Steel Code Hearing**  
His plans were for a hearing on the steel code—representative of 95 per cent or more of the industry, measured by output—within a week. Thus the steel hearing would run concurrently with that on lumber's wage-raising, job-spreading agreement, which will be put under public scrutiny on July 20.

Johnson will not accept lumber's wage and hour proposals; he said so flatly. Furthermore, the industry has given indications that it expects to be bargained out of the 48-hour week and 22 1/2 cent per hour minimum wage it offered.

The steel industry code remained closely guarded until today. All Johnson would say was that price-fixing was not in it. There were signs that unionization in the industry, which has maintained the open shop, would prove an issue.

A group of bituminous coal men, agreed on a \$5 a day minimum wage, sought to eliminate the other differences that have delayed the presentation of their code to Johnson.

Besides these things, the Home Loan Board announced a number of additional state directors who will handle portions of the possible \$2,000,000,000 fund to finance home mortgages at 5 per cent interest.

**Two Boys Killed  
Seeking Vacation**

Chicago, July 11—(AP)—Two boys motoring to a Texas ranch for the holidays were killed at Neosho, Mo., last night when their car was struck by a train.

The victims were Alvin Brendel, 17, of Chicago, and Franklin R. Meyers, Jr., 19, of Park Ridge.

Brendel's brother, Otto, Chief Clerk of the Police Bureau of Criminal Information, received word of the accident while on duty this morning.

## FED. RESERVE BOARD VETOES GOLD BLOC PLAN

Thumbs Down On Proposed Cooperation Of Central Banks

London, July 12—(AP)—The American Federal Reserve Board, it was understood in authoritative quarters today, has vetoed participation by the United States delegation in discussion of a resolution calling for central bank cooperation.

This resolution was backed by the European gold bloc and has been under consideration by the sub-committee on permanent monetary problems.

It was stated that Senator Pittman of Nevada told the sub-committee that the Federal Reserve Board felt that the resolution was "premature."

This development immediately created a sensation. Some members of the committee asserted this attitude killed further consideration of Pittman's important resolution calling for, among other things, eventual return to the gold standard, reduction of the gold cover to 25 per cent, and optional use of silver for one-fifth of this cover.

American quarters, however, emphatically denied that the Federal Reserve veto had anything to do with the Pittman resolution, the gold section of which has already been approved by the sub-committee.

The American maintained that the Federal Reserve authorities were referring only to cooperation of central banks as proposed in another resolution offered by a European state a few days ago.

**PROSECUTOR OF  
BIRGER CROWD  
HELPS NEWMAN**

Former Associate Of Gangsters Aided In Conviction

Springfield, Ill., July 12—(AP)—Art Newman, who was an associate of and later a witness against the Birger gangsters in Southern Illinois, has asked for a pardon from Joliet penitentiary. His request today had been taken under advisement by the state pardon board.

Harry Smith, attorney for the Illinois Bankers Association, told the pardon board that Newman's testimony was responsible for indictments against and conviction of at least fifteen and perhaps twenty of the followers of Charley Birger, who was hanged several years ago.

Serving five sentences, including two for murder, Newman would not be eligible for parole for 88 years and eight months.

Smith, who appeared in his private capacity as a former special Assistant Attorney General who prosecuted the Birger gangsters, said that convicted enemies of Newman are attempting to kill him in prison and that others would slay him if he is released.

Newman's wife and State Representative Grover C. Brands of East St. Louis also asked for his release. The pardon board was still in session today, considering the last of about 10 applications for release from the state's penitentiaries.

## BUMPER CROPS IN THIS STATE ARE IMPOSSIBLE

Smaller Than Normal  
Harvests Indicated This Year

Springfield, Ill., July 12—(AP)—There will be no bumper crop for Illinois farmers this year. The Illinois and federal Departments of Agriculture today announced that the July 1 crop survey placed all acreage at five per cent smaller than last year and forecast smaller than normal harvests of corn and small grains.

"Corn is late," the survey said, "and subsequent weather must be favorable and frost late if the bulk of the crop is to mature."

Indications are that Illinois corn production will about equal the extremely short crop of 1930 and the oats crop will be the smallest in more than fifty years.

**Winter Wheat Best**  
"Winter wheat is better than any other grain crop and will yield about average," announced O. A. Day, Associate Agricultural Statistician. "The barley crop will be small. Early hay yields were good."

"Peaches promise a near average crop and are fair to good except in Union and Johnson counties. The crop of apples will be small, probably only a little larger than last year, and pear prospects are much below average."

Soybean acreage increased 20 per cent in the state and winter wheat and hay six per cent, but fields planted to oats are six per cent smaller, corn ten per cent, and spring wheat forty.

**Heavy Rains Needed**  
"Weather conditions at planting time caused most of the decreases in acreage," the survey continued. "The late and wet spring season followed by extreme heat and prolonged drought in June together with extensive damage by chinch bugs accounts for the present poor condition of spring sown crops."

"Chinch bugs migrated to corn earlier than usual because of extreme heat and drying out of the small grain fields. Heavy general rains are needed to aid in the control of chinch bugs and prevent further serious damage to corn."

Several thousand acres of barley have been ruined by this pest, which is the worst in years. The crop report said that corn condition varies unevenly. Pastures are poor in the south and becoming short in northern Illinois winter wheat was virtually all in shock by July 1, soybeans and soy peas were below average and all early hay yields above average. Potatoes and truck crops were badly damaged by drought.

## SLOW MAJESTY OF LAW MOVES IN KIDNAPING

Recent Record Show Decisive Action By Authorities

By CHARLES HARNER  
Copyrighted 1933 by The Associated Press

New York, July 12—(AP)—The slow majesty of the law, perplexed at times by the speed of the crime, moves surely to crush the activities of kidnapers.

Records of recent kidnappings show decisive action by police authorities and heavy punishments by courts. To the kidnapers' threat, "money or death," the law retorts, "dead or alive!"

Records of 18 notorious kidnap cases during the last three years show 43 persons jailed for terms ranging from two years to life—mostly life—three kidnapers dead, and about 10 suspects awaiting trial.

Kenneth Buck, who kidnaped Peggy McMath, got the maximum Massachusetts could give, 25 years.

**Await Trial In K. C.**

Martin Deputy and William Werner, kidnapers of Neil Donnelly in Kansas City, are in Missouri penitentiary for life, and Charles Mele, an accomplice, is in for 35 years. Confessed kidnapers of Mary McElroy of the same city are awaiting trial.

Because they kidnaped Benjamin P. Bower in Colorado, A. M. Taylor, George Reed and Joe Pannell are in jail for seven years, the maximum state penalty at the time. Carl Pierce and Arthur Youngberg, who kidnaped Charles Boettcher II in Denver, are serving 26 and 32 years respectively. Their sentence was imposed by a Federal court.

Dowell Hargraves and John de Marco sent to jail for life because they kidnaped James de Jute, Jr., 12, of Niles, O.

**Two Gangs Escape**

The kidnaping of Fred DeFilippi, Spring Valley, Ill., sent Mike Talario, Joe Varsolona and Frank Delbono to jail for 42 and Wesley E. Pritchett for 20 years, besides fines of \$5,000 each, and jailed

Carlo Delbono and Victor Ciesielski for two years.

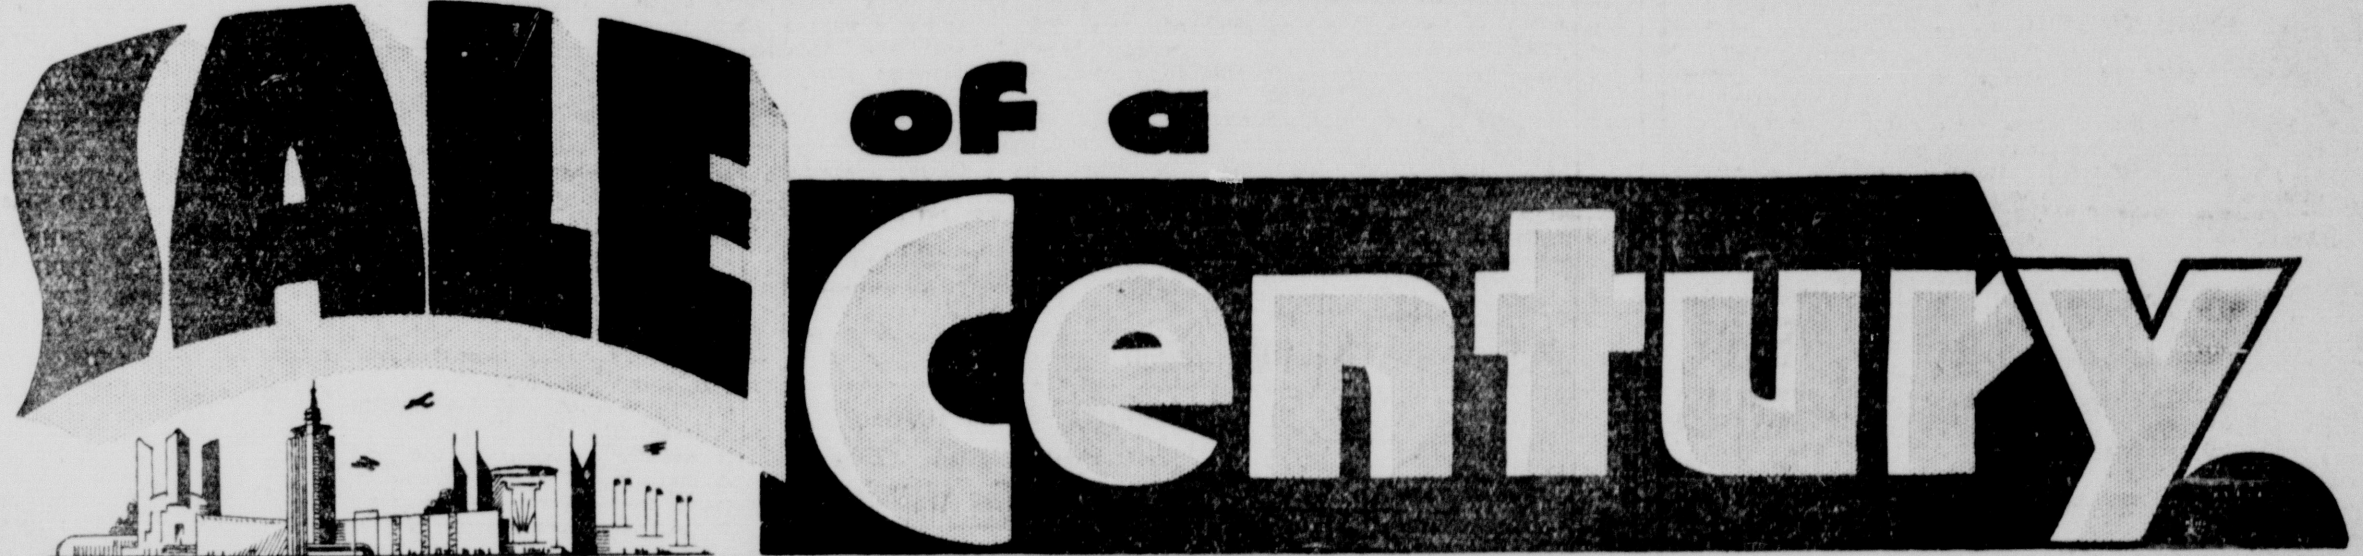

In two notorious cases the kidnapers escaped, scot free. Police seek six men as the abductors of William Hamm of St. Paul. Hamm was returned unharmed for ransom.

The other, a tragedy which changed the laws of the nation, was the kidnaping and murder of Charles A. Lindbergh, Jr.

# BIG JAMBOREE OF SCOUTS AT CAMP PINEHURST

A Three Days Outing Is Announced For Aug. 16, 17 And 18

Scouts of Boone, Winnebago, Lee, Ogle and Whiteside counties, 2001 in number—will convene at Camp Pinehurst, located 5 1-2 miles southwest of Rockford on Montague road, on August 16-17-18 for a huge jamboree.

The entire Blackhawk Area Council, one of the largest in the country, will be drawn together for this affair during the third week of August. Camp Pinehurst is a beautiful 110 acre tract of timber land. A creek runs through it which has been dammed up to provide a splendid swimming pool, approximately 25 feet by 100 and from four to seven feet deep.

A three-day program crammed full of events will keep the Scouts busy every minute. Expert handicraft men will be there with equipment for leathercraft and archery. Each of the 105 scout units in the Area, including Troops, Sea Scout Ships, Lone Scout Tribes, Farm Patrols and Cub Packs will be represented at the jamboree.

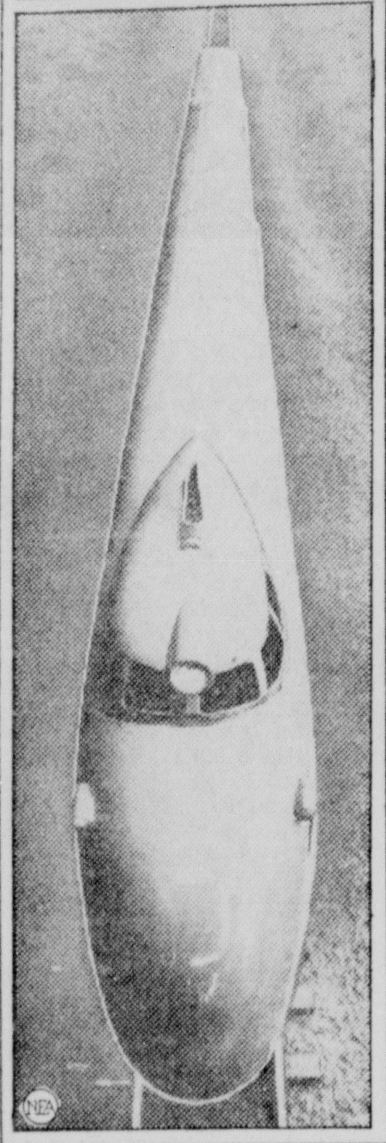

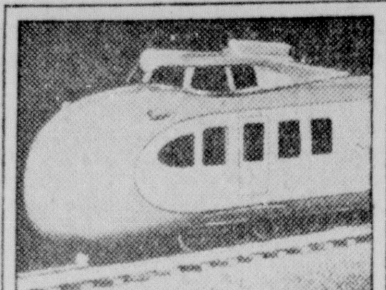

Dressing race, relay races, fire by fiction, wall scaling, and chariot race, are among the competitive contests on the program.

The three day camp and contest period will be climaxed Friday evening, August 18, by an impressive demonstration of Scouting at the Rockford High School Stadium. Only the winners of contests during the jamboree will be allowed to participate in the stadium demonstrations, but all 2000 scouts attending the jamboree will form a massive parade to march into the stadium.

A Court of Honor will be held which promises to be the largest in the history of the Blackhawk Area Council. Each Scout in the best troop in the jamboree, judged on the basis of all competitive events, will receive a medal.

The jamboree is under the direction of A. V. Newman, field Scout executive, who is assisted by L. A. Watt, recently graduated from the University of Illinois, and at present spending all of his time promoting the jamboree.

## Train's Design Adds to Speed

Here's what the new light-weight streamline train being built for the Union Pacific railroad will look like when completed. The train will be 203 feet long, nine feet wide, weigh only 50 tons and attain a speed of 110 miles an hour. The photos are made from an engineer's model. The top picture shows the front end of the train, housing the motor.

## Jurisdiction Of State Courts Is Attacked In Suit

Chicago, July 11.—(AP)—The jurisdiction of state courts in chancery matters, including foreclosures, was under attack today in a brief for an appeal from a chancery ruling, pending in the local Appellate Court.

The brief, filed by John W. Keogh, owner of real estate on which the New England Mutual Life Insurance Company holds a \$250,000 mortgage, held the failure of the Illinois legislature to revise the Illinois districts from which legislative representatives and Supreme Court Justices are chosen as responsible for the lack of jurisdiction of the courts.

Keogh, who is an attorney, said the conditional provision for equal representation had been violated and said the existing state government therefore became merely a government "of fact" instead of a government "of right."

**CHEVROLET** Why is it that every 12-cylinder car in America has bodies of steel reinforced by hardwood? Why is it that every make of car selling for over \$4000 uses bodies of exactly the same type? Why? For the same reason that Chevrolet uses it exclusively. Because every test and every experiment have definitely proved: **STEEL ALONE IS NOT ENOUGH!**

The trouble with steel alone is that it stands just so much shock and punishment. Steel alone is also inclined to rumble and rattle. BUT—when you put the two together—a heavy, staunch steel body over tough, solid hardwood—then the hardwood reinforces the steel—and vice versa! And the result: the strongest, safest type of body, such as Fisher builds for Chevrolet. **CHEVROLET MOTOR CO., DETROIT, MICH.**
